Non-Obsolescence Statement

Artopex guarantees its products against defects in design, materials and workmanship, for a period specific to each product collection. Our intention is to extend the life of our products as long as possible, in keeping with our commitment to our customers and the environment. If, during the term of this warranty, Artopex receives a written claim, Artopex will repair or replace with a comparable product of its choice any part or product shipped after July 1, 2011 that cannot be used normally because of said defect, at no charge to the original purchaser.
